Dear Maree

It's been a while since I've been in touch, but I wanted to send you over this information on a new windfarm proposal in Caithness.

Attached is a Proposal of Application Notice (PAN) and accompanying documents in respect of the proposed Loch Toftingall Wind Farm, located to the west of Loch of Toftingall and north of Halsary Wind Farm, submitted today to The Highland Council's planning department.

The draft advert attached gives the dates and times I've booked the two local halls for community open days and I would be delighted to welcome you along to either of them. We will be launching a website at the start of the new year prior to the advertising of the open days, which will host all of the open day information and allow members of the public to feedback online if they are not able to attend in person.

The surrounding Community Councils and THC Ward Members have also been notified.

If you have any questions, please don't hesitate to contact me directly.

Kind regards
Fiona

Dear Chairs

As host and neighbouring Community Councils, please find attached a Proposal of Application Notice (PAN) and accompanying documents in respect of the proposed Loch Toftingall Wind Farm, located to the west of Loch of Toftingall and north of Halsary Wind Farm, submitted today to The Highland Council's planning department.

The draft advert attached gives the dates and times I've booked the two local halls for community open days and I look forward to perhaps meeting you at some point then. We will be launching a website at the start of the new year prior to the advertising of the open days, which will host all of the open day information and allow members of the public to feedback online if they are not able to attend in person.

If you have any questions in the meantime however, please don't hesitate to contact me directly.

Kind regards
Fiona

Subject: RE: Loch of Toftingall scoping report

Dear Mr Macdonald

Further to my email below, apologies it's been rather longer than I had hoped, we're finally looking to start consulting the local community on our plans for Loch of Toftingall.

We will be submitting a Pre-Application Consultation Notice to the Council, which needs to indicate where we would host our two rounds of public consultation (we'll also be putting all of the information online for those who might not yet feel able to attend in person), and I wanted to seek your view regarding the best place to host an open day.

Is Watten Village Hall still in use and would it be available for the purpose? If not, is there another suitable local venue? We'll be looking at early January for the first round of open days. The other location I'm considering is Spital Village Hall. Do you feel that both locations would be favourable?

If you could let me know your thoughts that would be very helpful.

I look forward to hearing from you.

Kind regards
Fiona

Subject: Loch of Toftingall scoping report

Dear Mr Macdonald

You will no doubt soon receive a copy of a scoping report for a potential wind development project at the Loch of Toftingall, just south of Spittal as a statutory consultee of the Highland Council. I just wanted to drop you a line to say hello and that we're still very much at early stages on this project.

If you need any further information at this stage, please don't hesitate to contact me but I'll be in touch again, I imagine later in the year, once we have a clearer idea of what an application to the planning department might look like.

Kind regards
Fiona

Dear Jamie

You may already be aware of Infinergy as the developer of the Limekiln Wind Farm and Extension at Reay, and I wanted to send you over some information on a new windfarm proposal that we are looking to progress in Caithness, as we move forward in our transition to becoming fully part of Boralex Inc.

Attached is a Proposal of Application Notice (PAN) and accompanying documents in respect of the proposed Loch Toftingall Wind Farm, located to the west of Loch of Toftingall and north of Halsary Wind Farm, submitted today to The Highland Council's planning department.

The draft advert attached gives the dates and times I've booked the two local halls for community open days and I would be delighted to welcome you along to either of them, if you happened to be in the constituency at the time. We will be launching a website at the start of the new year prior to the advertising of the open days, which will host all of the open day information and allow people to feedback online if they are not able to attend in person.

The surrounding Community Councils and THC Ward Members have also been notified as well as Maree Todd as local MSP.

If you have any questions, please don't hesitate to contact me directly.

Kind regards
Fiona
